

B2P Bottle to Pen

 ***89%**
recycled

 **PILOT**

Pilot has launched an exciting new concept in recycled writing instruments. Bottle to Pen known as B2P.

GOS has made a special advance purchase of B2P inventory, and we are thirsty to have you writing fluently with the new B2P pen!

B2P, is a retractable, refillable gel ink pen made from recycled plastic bottles and designed to look like one too. Shows that everyday products can have a second life.

B2P has outstanding environmental credentials as *89% of its components are made from recycled material. Innovative design and environmental excellence are just part of the story as it's designed to give superb writing performance in gel ink.
